

Solution: Managing Backlog

Review the potential solution for Steps 1 and 2 of the Managing Backlog lab using the solution key below to compare and validate your response.

1. **“As a user, I want to register my account in order to make purchases and track my orders.”**
 - **Priority:** High (foundational for other features)
 - **Story Points:** 3
2. **“As a user, I want to search products and filter them by type, size, and quantity so that I can easily find what I am looking for.”**
 - **Priority:** High (improves user experience)
 - **Story Points:** 8
3. **“As a user, I want to view detailed product information so that I can make informed decisions about what I want to buy.”**
 - **Priority:** Medium (important but less critical than checkout)
 - **Story Points:** 5
4. **“As a user, I want to add products to my cart so that I can purchase multiple items at a time.”**
 - **Priority:** Medium (depending on registration and checkout)
 - **Story Points:** 3
5. **“As a user, I want to work with a tool expert so that I can get custom tools designed for my special needs.”**
 - **Priority:** Low (complex and dependent on real-time messaging)
 - **Story Points:** 13
6. **“As a user, I want to securely checkout so that my personal information is protected.”**

- **Priority:** High (critical for customer trust)
 - **Story Points:** 5
7. “As a user, I want to track my orders so that I can see when they are scheduled to arrive.”
- **Priority:** Medium (adds value but not critical for launch)
 - **Story Points:** 5
8. “As a user, I want to contact customer support so that I can get help with my questions and issues.”
- **Priority:** Medium (important for customer satisfaction)
 - **Story Points:** 8
9. “As a user, I want to see Bepha Tools’ customer reviews and comments so that I can make an informed decision about my intended purchases.”
- **Priority:** Low (nice-to-have feature)
 - **Story Points:** 3
10. “As a user, I want to be able to see any special deals available to me so that I can save money.”
- **Priority:** Low (marketing-driven feature)
 - **Story Points:** 2

Note: For **Priority**, your response should match each of the ten User Story ratings (**High, Medium, Low**) exactly. For **Story Points**, they should be relatively similar, for example, on the low end (**5 or below**) or the high end (**8 or above**) to be considered acceptable. If they are not, you can challenge yourself to revise that User Story.
